HONG KONG SWEEP BY WILD TYPHOON MANY FEARED DEAD

Many Europeans are Believed
Among Victims of Heaviest
Hurricane in 17 Years

SHIPS GO DOWN IN HARBOR DESPITE EFFORTS AT AID

City is Devastated by Force of
the Winds

HONG KONG.—By the Associated Press.—Heavy loss of life is believed to have been claimed by a typhoon that struck the harbor here at 9:20 o'clock Friday morning, sweeping the waters into a seething mass that flung several ships into their depths and tossed others in havens of refuge. Many Europeans were among the victims, it is feared.

It was the worst storm experienced here since 1906. Following observations, heavy rain and strong winds, a small craft sought shelter Thursday night. But the storm continued the approach of the storm center Friday morning. Within an hour the wind was blowing with hurricane force and the harbor was tempestuous.

Rescue Fails

The steamer Ming Sang whistled long blasts of distress. A blue funnelized boat made a heroic attempt to save the vessel. The high running sea made the rescue impossible and the Ming Sang went down. Except for the two officers reported saved, all aboard are believed to have perished.

The Ming Sang, owned by the Indo-China Steam Navigation company, was of 1,650 net tonnage.

The British submarine L-9, parting from her moorings, drifted westward and sank off the Hong Kong club. One sailor was reported to have been saved.

Two Jap Ships Live
The Gyoko Maru and another vessel, the Zikyo Maru, had drifted from their moorings. The Zikyo Maru was brought up alongside a pier to which she was able to anchor undamaged. The Gyoko Maru drifted toward the Royal Naval yard sea wall, where she grounded, slightly damaged.

The liner Empress of Australia cleared from the wharf at Kowloon, a suburb last night, moored in mid-stream and successfully outran the typhoon.

The French mail liner Andre Lebou was swept, dragging her anchors, a considerable distance, and came perilously near fouling the Empress of Australia.

When the terrific wind struck the shore, big trees were uprooted and in several places, flying against the boundary walls, which collapsed. In the business district, sign boards were blown to bits and wall hangings were torn off.

Kowloon Cut Off

Telephone cables were blown down and tramway services suspended. It is not known how Kowloon fared as all communication with that port was cut off.

FIRE BOSS BLAMED FOR FATAL BLAST IN WYOMING MINE

KEMMERER, Wyo.—The coroner's jury investigating the Kemmerer mine explosion of last Tuesday, Friday returned a verdict that the explosion was caused by the ignition of gas in Room 3, thirteenth entry, when the fire boss neglected his safety lamp.

Mrs. Harding Steady As She Leaves White House Forever

WASHINGTON, D. C.—By The Associated Press.—Quietly and almost unnoticed, Mrs. Florence Kling Harding, Friday night, left the White House, never to return, except possibly as a guest.

None of the crowd, none of the cheers, none of the excitement and none of the pleasurable anticipation that marked her arrival at the executive mansion on March 4, 1921, attended the departure in the gloom of a rainy night. The contrast was so noticeable that those who accompanied her away were plainly moved. Mrs. Harding, herself, whatever may have been her inner emotions, walked out of the door, across the portico and into the waiting automobile as calmly as she had passed through all the succession of trying hours that have been her lot in the last fifteen days.

Automobile Draws Up
Shortly before 6 o'clock an automobile drew up to the north portico. It had waited for more than a half an hour when another, bearing the coat of arms of the president of the United States, drove up and from it stepped Mrs. Coolidge, the new first lady of the land. She passed within the mansion and it was half an hour later and almost dark before there was another sign of activity.

Two secret service men, the one who has been assigned to Mrs. Harding from the time her late husband was elected president, and the one detailed to Mrs. Coolidge, came out, and then Maj. Ora M. Beldinger, the military aide to the president, who was selected by Mrs. Harding for the post because he had been one of the boys boys when she had charge of the circulation department of the Marion Star.

Walks With Firm Step
Dressed in mourning, but without a veil, Mrs. Harding stepped out, followed by Mrs. Coolidge and George B. Christian, Jr., secretary to the late president. Without glancing back and with one glance to the side at three newspaper men present to watch her departure, she walked with firm step to the automobile, was helped in by Secretary Christian, who, after assisting Mrs. Coolidge into the car, stepped inside himself.

Without a word from anyone the automobile moved down the gravelled driveway and out into Pennsylvania avenue.

Mrs. Harding went to "Friendship," the home of Mr. and Mrs. Edward M. McLean on the edge of Washington. There she expects to stay probably ten days or two weeks before going to Marion to attend to the settlement of the late president's estate. Although the White house is in readiness for them, President and Mrs. Coolidge do not expect to take up their residence there before the middle of next week.

REPORTED UPRISING IN SANTO DOMINGO DENIED AT CAPITAL

Panama Dispatches Say Cruiser
Has Left Port Suddenly

RUMOR SAYS SEVENTEEN MARINES ARE KILLED

No Word of Revolt or Cruiser
Trip at Washington

SANTO DOMINGO.—By The Associated Press.—There is no foundation for the report that there has been an uprising in Santo Domingo and that seven American marines were killed, the American military authorities here stated Saturday. Complete quiet prevails in the country.

PANAMA.—By The Associated Press

The sudden departure of the United States cruiser Rochester, flagship of the special squadron, with Rear Admiral John H. Dayton on board, is said here to be the result of a reported uprising in Santo Domingo. The cruiser Galveston is expected to follow her. Though the naval authorities are silent, it is reported that seventeen American marines have been killed in Santo Domingo. There is no confirmation, however, from any source.

Denied at Washington

WASHINGTON, D. C.—By The Associated Press.—No word of an uprising in Santo Domingo or of casualties among American marines there has been received by the American government.

Neither has the navy department been advised of the departure of the cruiser Rochester from Panama. Officially details of the movements of naval vessels in these waters are not reported to Washington, but in view of the news dispatch received from Panama, the department immediately asked for information through official channels.

An examination of naval records was said by navy officers to show that the Rochester probably would have left about this time for Santo Domingo in the ordinary course of her routine voyages.

ST. PETER'S CHURCH CALEDONIA, 50 YEARS OLD NEXT SUNDAY

Congregation Plans Elaborate
Celebration for Golden Jubilee; La Crosse Invited

CALEDONIA, Minn.—Sunday, August 19, St. Peter's Congregation of Caledonia will celebrate its golden jubilee. Fifty years ago the pioneers of this parish labored unceasingly to build the beautiful large church, and acquire the property and the members of that parish can today point with much pride to their achievement.

The pastor, Rev. M. Borresch, and the jubilee committee have extended an invitation to all members and all who ever shared in the blessings of St. Peter's parish, a general invitation to come and rejoice with them.

At 9:30 Father Borresch will sing High Mass and Right Rev. P. R. Reffert, Bishop of Winona, will deliver the sermon.

In the afternoon, on the beautiful church and school grounds, the Caledonia Band will furnish the music, and eloquent addresses will be delivered by Wm. E. Flynn and L. L. Duxbury of Caledonia and Wm. S. Hart of Waukon.

The pastor will give a detailed history of the parish.

Coffee, lunch, and other refreshments will be served.

It will be a home coming for many former members of the parish, for already hundreds have signified their intention to attend.

THREATEN PROSECUTOR
MADISON, Wis.—A threatening letter demanding that he "call off" his detectives or pay with his life, was received by Henry Bohn, district attorney of Stark county, who is in charge of the investigation of the Robert Jaeger murder case. The letter was postmarked at Baraboo, Wis., Aug. 6.

Jewish Editor Sues Ford For \$200,000 Libel

NEW YORK.—Herman Bernstein, author and editor of Jewish publications, filed a \$200,000 libel suit against Henry Ford and the Dearborn Publishing company on an article "A Glimpse of Jewish International Politics," which appeared in the Dearborn Independent in August, 1921, and upon a news dispatch from Detroit the following January in which Ford was quoted as saying he got the material for the article from Bernstein during the voyage of Ford's "peace ship," the Oscar II.

LADDIE BOY GIVES COOLIDGE WELCOME AT WHITE HOUSE

WASHINGTON, D. C.—By The Associated Press.—President Coolidge, Friday night, was welcomed to the White house by Laddie Boy, the dog of the late president.

NEGRO LOAFING AT FARMHOUSE TAKEN BY SHERIFF LUND

Sam Harris, a negro, who says he was born in Canada but whose home is wherever he hangs his hat, was removed from the Kleinsmith farm, on the South Salem road, Friday evening by Sheriff Lund and Undersheriff Miller and lodged in the county jail. The sheriff and District Attorney Gordon are of the opinion that Harris is ill and needs medical attention. Harris first appeared on the farm Thursday evening. He slept under an apple tree near the road that night and was still there Friday. He refused to leave the premises. The sheriff found him still reclining under the apple tree Friday evening, after a complaint had been made to him.

WIFE REBELS AT BAN PLACED ON MUSIC OR BRAINS

CHICAGO.—Giving a list of bans handed to her by her husband as one of her grounds, Mrs. Carol Willis Ellington filed suit for divorce on Friday from James Corry Ellington, real estate agent.

Besides forbidding her to read certain forms of literature, Mrs. Ellington declares, her spouse's "don'ts" included the following:

"Don't attend musical concerts."
"Don't see or associate with intellectual men or women."
"Don't sing or play the piano."
"Don't spend money on books."

When she violated one of the bans by going to a concert, she recited, her husband beat her and their son.

GOETHALS CALLS BOARDS "LONG, WOODEN, NARROW"

NEW YORK.—His experiences with commissions when he built the Panama canal and with "boards" while serving during the war as general manager of the Emergency Fleet corporation has led Goethals to call all such bodies "inefficient," he told the Rotary club on Friday.

The best definition I can give of "boards" after my association with them during the war and with commissions while we were constructing the canal is that they are long, narrow and wooden," declared General Goethals.

"CHILL AL" GETS THREAT BECAUSE HE GOT WHITFIELD

MADISON, Wis.—A letter which threatens the life and property of Albert Pelly, who put officials on the trail of John L. Whitfield here in May, was received by the Madison restaurant Friday night. It was signed by five foreign names and postmarked from Cleveland, Ohio. It has been turned over to police and postal authorities.

MILLION LOSS IN OIL TANK FIRE

SAN PEDRO, Cal.—Damage of \$1,000,000 was caused by an oil fire on the property of the General Petroleum company here Friday.

Early Saturday with the burned area guarded by soldiers, firemen, police and volunteer watchmen, flames still burned, but were believed to have subsided beyond the danger of a further disastrous spread.

The fire fighters were trying to prevent the consequences of a possible sudden shift of the wind.

LA FOLLETTE GROUP WILL TRY TO CLEAR FIELD OF ASPIRANTS

Meeting to be Held in Milwaukee State Fair Week, Report

BLAINE REPORTED AVERSE TO CONFERENCE PROPOSAL

Will Keep on Campaigning Regardless of its Action

MADISON, Wis.—Plans for an elimination conference of candidates for state offices will be laid at a preliminary meeting of a group of progressives during the state fair according to information from Milwaukee.

Governor Blaine and other candidates for offices will be invited to attend the conference which is being planned for February. The governor, however, will go right on with his campaign plans not regarding any action to be taken by the Milwaukee group, his friends declare.

To Eliminate Extras

The plans reported here are that the group would select one man for each of the state positions and would give them its support.

With Lieutenant Governor George Comings already under way in 1920 campaign for the governorship and Blaine a certain candidate for re-election, the conference is seen as an attempt to get behind a third man.

Mr. Comings, although a dry and a progressive, does not expect to get the support of this group. He asserted on Friday that he had been a progressive for 40 years and hasn't changed his opinions in that time except to become more confirmed that he was right.

ARMED KIDNAPERS SEIZE TWO MEN IN FRONT OF STATION

Yells Bring Chief to Aid But
Gun in His Ribs Stops
Him

PORT ARTHUR, Texas.—Kidnaped in front of the police station Friday night, Clay Dunn and a man believed to have been his brother, were sought by police Saturday. The men have been spirited away, with no other mark of the occurrence than that of bloodstains on the pavement before the police station.

After the victims had been thrown in two automobiles, one of them shouted for help. Police Chief Covington rushed from the station, fired twice, but suddenly stepping from behind him, a stranger with a drawn revolver pressed against the chiefs, body commanded Covington to cease.

The police chief complied away while the kidnapers disappeared.

Dunn had been arrested in connection with the fatal shooting of Detective W. A. Harris Thursday night and had just been released on bond.

MENOMONIE WOMAN HEADS AUXILIARY OF THE STATE LEGION

"We Serve as they Served"
is Motto Adopted by
Women's Order

SUPERIOR, Wis.—Mrs. Adeline Wright Macaulay of Menomonee was elected president of the Women's auxiliary to the Wisconsin department of the American Legion at the closing session of the auxiliary convention held in conjunction with the state legion department annual gathering here Friday.

Mrs. Thomas Spence, Milwaukee, was elected first vice president; Mrs. DeForest Doland, Columbus, was elected vice president, and Mrs. J. P. Clemens, Superior, was elected state chaplain.

Mrs. Jerome R. McLean, Marinette, was elected treasurer and Mrs. R. B. Hart, Cumberland, was named state historian.

"We serve as they served," was the slogan adopted by the convention of women.

GIDDY GERTRUDE HAS LOTS OF LUCK

KENOSHA, Wis.—Gertrude Gloss, aged 34, a domestic, miraculously escaped serious injury here Saturday when she fell sixteen feet through two skylights into the Royal Restaurant, landing on one of the tables in the cafe. She was badly bruised but no bones were broken. At the hospital it was declared she would recover.

Power Barge "La Crosse" On Maiden Voyage

ST. LOUIS, Mo.—The power barge La Crosse is playing up the Mississippi Saturday with 75 tons of freight on the initial trip of the first all-freight service in the history of the upper Mississippi. The freight is consigned to points as far north as Minneapolis and St. Paul. The capacity of the barge is 150 tons. The operators are St. Paul men.

DECIDES ADOPTED CHILD REMAINS HEIR OF PARENT

Minnesota Judge Sets Precedent in Reversal of Probate Decree

MANKATO, Minn.—Judge W. L. Comstock of the Blue Earth county district court established a precedent in the district court of Minnesota Saturday when he issued an order reversing the order and final decree of the probate court and recognizing the right of an adopted child as an heir at law of its natural parents.

The case is the first of its kind to be decided in the courts of Minnesota and has attracted the attention of members of the state bar association. The action is held an important one in that it establishes the right of inheritance by descent within a family. The decision of Judge Comstock was made in the matter of the estate of Henry L. Roberts, with his daughter Martha Roberts as appellant against Elizabeth A. Owen and Kate M. Roberts and the administrators of the estate.

When Martha Roberts was five years old, her mother died and she was adopted. Her natural father, Henry L. Roberts, remarried and had two more children. He died in 1920. The probate court in dissolving of the estate, valued at \$39,400 to Roberts' wife and their children, Martha Roberts, being out off by the decree, which was reversed by Judge Comstock.

In rendering his opinion, Judge Comstock cited the laws of Moses and the Arabic, Athenian, Hebrew, Roman and the Justinian codes to uphold contention that child born in lawful wedlock and later adopted, retains the right of inheritance by such descent.

DOPE FIEND RATS EAT UP EVIDENCE AND WHIP CATS

NEW ORLEANS, La.—New Orleans federal building is overrun with drug addicts which can't be caught. Spurning the 100 per cent American cheese with which traps were baited, scores of rats and mice are holding nightly orgies on the cocaine and morphine held as evidence by the federal narcotic squad, and already have wreaked much damage in destruction of material seized in raids.

The director of the bureau, Grand made the announcement and Henry Asper, a detective of the local police department, corroborated it.

"Rats and mice have been gnawing into packages of cocaine and morphine," he said. "Judging by their tracks the rats are cocaine fiends, while the mice have a yen for morphine."

"We put a couple of cats up there but next morning we found the cats clawing to get out. The drug crazed rats and mice had licked them to a frazzle."

LAKE CITY MAN KILLED BY BLOW OF ST. PAUL "COP"

Albert Krahn Struck as He
Pulls Gun on Deputy
Hunting Liquor

WABASHA, Minn.—An inquest was to be held here late Friday to determine the cause of death of Albert Krahn, 34 years old, operator of a pool room at Lake City, who was struck in the jaw late Thursday by George L. Peplin, St. Paul motorcycle policeman, when Krahn is alleged to have reached for a gun as St. J. Fitzgerald, deputy sheriff of Wabasha county, sought to arrest him.

The incident occurred on Trunk Highway No. 3 between Weaver and Kellogg, where Deputy Sheriff Fitzgerald, a cousin of Sheriff Edward Fitzgerald and a resident of Minneapolis, was investigating the presence of liquor in a party of which Krahn was a member.

Krahn's three companions, Edward Myhre and Charles Baners of Lake City and Kenneth Daly of Wabasha, were in the Wabasha county jail today. They will be charged with transporting liquor, according to County Attorney John R. Foley.

CARS COLLIDE ON ONALASKA HIGHWAY NO ONE INJURED

Two automobiles, one driven by Arthur Leuque, and the other by Roy Gavin, collided on the Onalaska road Friday night some distance above the Rainbow Gardens. Both cars rolled over in a ditch and were badly damaged. Neither driver was injured.

Leuque, according to a police report, was proceeding north on the left side of the road, with Gavin coming in the opposite direction. One of the cars was towed to Onalaska and the other to the Elsen and Phillips garage here.

PALMER'S DOG HOUSE YIELDS HARD LIQUOR

Federal Agents Leading Raiding
Party Find Hooch Planted
in Rear of "The
Grocery"

TWO THIRD STREET SALOONS ALSO ARE CAUGHT WITH DRINK

Wildwood Inn., Two Days Under
New Management, also
is Raided Friday

TWO soft drink parlors, a grocery store and one roadhouse were raided late Friday afternoon by a raiding party consisting of federal agents, police and the sheriff and undersheriff. Liquor was confiscated in all four places.

Federal Agents Nantstadt and Hackett made their first appearance in this city as heads of a raiding party when they called on Sheriff Lund and Undersheriff Miller and then went to police headquarters and obtained the services of Policemen Wolf and Johnson in order to conduct the raids.

The agents, it is understood, have operated in the city for a number of weeks, buying drinks of hard liquor in various saloons, soft drink parlors and roadhouses. The raids on Friday were the first of a series planned against a number of places against whom evidence has been slowly but steadily piling up.

Palmer Warns of Dog

The first place visited was "The Alderman's Grocery," 110 Main street operated by Alderman Harry Palmer and Clarence Shisler. The raiding party filed into the grocery store, read the warrant to Mr. Palmer, frisked the bar and then proceeded to the rear of the establishment. As they neared the doghouse of the late prize bulldog of the alderman's, Mr. Palmer called out to them:

"Hey, watch out, that dog will bite you!"

The warning did not bother the raiding party, apparently, as one of the federal agents reached into the empty doghouse and extracted a quart of alcohol. Since the demise of the pet bulldog, the doghouse has been used as a cache for liquor, the federal agents say.

Third Street Places Visited

The next place visited was the Corner Buffet, Third and Pearl street, operated by Emil Schultz. A gallon alcohol tin, partly filled with liquor, was confiscated. The soft drink bar at 126 South Third street, with Tom Clements' lending bar was then visited. A quart of liquor was found back of the bar.

A saloon at Third and Vine streets was inspected but no liquor was found in the place.

Liquor at Wildwood

Boarding automobiles the raiding party proceeded out into the country. Wildwood Inn being the objective. R. C. Horn, took over the inn three days ago. Just two days after the new proprietor took command the place was raided. A quart of liquor was found back of the bar.

ADKINS, HANSEN HONORED AT STATE LEGION CONVENTION

SUPERIOR, Wis.—Special to The Tribune.—Loren K. Adkins of La Crosse was elected alternate to the executive committee of the state department of the American Legion of Wisconsin Friday morning at a caucus of the seventh district, held in connection with the state convention at Superior. Dr. E. J. Stork of Baraboo was named as the committeeman to represent the district. George L. Hansen of La Crosse was elected alternate to the delegate from the seventh district to the national convention at San Francisco, and Arnold Schiller of Tomah was designated district athletic officer.

Other district representatives named were R. O. Isenberg of Baraboo and J. W. Schmidt, Viroqua, delegate to the national convention and Martin Roewer, Reedsburg, alternate.

THREE FINED IN POLICE COURT

Three persons, Anton Davis, Jasbo Jackson and Robert Miller, were fined \$7.50 each on a charge of intoxication in police court Saturday morning.

WINNEBAGOES AND FRIENDLY TRIBES PLAN BIG POW-WOW

Big Event Planned at Valley Junction Grounds on Aug. 24-27

Pow-wow-wow, pow-wow-wa. The seventh annual pow-wow of the Wisconsin Winnebago Indians will be held on August 24 to 27, inclusive, at the pow-wow grounds, one mile west of Valley Junction, eight miles north of Tomah, near highway number 12. Indians from all over the country are expected to attend the pow-wow, and preparations are being made for the biggest event of its kind in the state of Wisconsin.
Four great tribes of the days of the war when they were represented, the Winnebagoes from Wisconsin and Nebraska, the Sioux from the Dakotas, the Chippewas from northern Wisconsin and Minnesota, and the Oneidas from Wisconsin. Chief Old Bill, 160 years old, a notable warrior of the early frontier, will be present as well as Scott Moke and Moses DeCora.
The program consists of races of all kinds, dancing every afternoon and evening to begin at 1:30 p. m. and also a feature square dance. Every evening the Harvest Green Corn dance will take place in which white people and everybody is invited to participate. In addition to the regular program there will be a bow and arrow contest and a long distance sharp shooting match. Speak for the occasion are: Superintendent W. E. Dunn of Wisconsin Rapids, and James York, a government farmer of Mauston.

SPARTA LUNCH ROOM MAN HELD ON LIQUOR CHARGE

"Bud" Spurgeon Arrested Second Time; Held for County Court Trial

SPARTA, Wis.—A. F. "Bud" Spurgeon, proprietor of the lunch room at the Milwaukee depot, was arrested by Chief George Mannel and Policemen W. L. Davis and Leo Sullivan, who charge Spurgeon with violating the prohibition law on four counts, including manufacturing, selling and having in his possession intoxicating liquor.

The officers say that he jumped through a window at his home, and attempted to destroy several bottles of liquor.

Spurgeon was arraigned before Justice Lamson on Monday afternoon and his hearing set for Wednesday afternoon, when he was held for trial in county court. In the meantime he has been out on \$500 bail. He has retained Attorney T. P. Abel as counsel.

This is his second offense. Federal Agents Smith of Madison and Schaffner of Baraboo, accompanied by Chief of Police George Mannel, made a raid on Spurgeon's residence on Tuesday, February 6, and took possession of a copper still, two grain sacks filled with rice and several bottles of liquor. The officers claimed that they found him in the act of cooking up a "mash." That time he was let off with a fine.

The following marriage licenses have been issued the past week by County Clerk A. L. Nicol: George J. Eggleston of Wilton and Thelma Salisbury of Tomah; Fred K. Schutte, Naperville, Ill., and Mildred M. Vlach of Norwalk; Clarence W. La Victoria of Minneapolis and Edna Ann Cordes of Sparta; Herman A. Phantapf of Tomah and Ruby E. Anderson of Wauwatosa.

A deal has been closed whereby Lem Stelling sold the Sparta greenhouse to Glenn W. Hopkins of Wauwatosa. The new proprietor has taken possession.

HEALTH DEPARTMENT CONDEMNS SOUR MILK DELIVERED IN CITY

The health department has condemned a quantity of milk the past week due to the fact that it was sour and because many cans from the various routes were found to be in violation of the city ordinance.

The coloring matter added to the sour milk is harmless and may be fed to hogs. Inspectors have been warned that milk cannot be kept sweet unless the animal heat is removed as quickly as possible, according to advice of A. M. Murphy, health officer. Long narrow cans are to be used in cooling the milk as they afford a better chance for the milk to become cool throughout.

The health department announces that the same methods will be followed in the future as in the past in an effort to correct the unsanitary handling of the milk supply.

"WAY DOWN EAST"

D. W. Griffith's wonder spectacle, "Way Down East," built upon the story of the play of that title which was so popular a few seasons back is at the Riviera again tonight for last time. No attraction for years has created the stir that has followed this production ever since "Way Down East" was brought out in New York City where it had an unprecedented run that broke all box office records. Other cities are still entertaining this attraction for indefinite runs.

"GHOST PATROL"

"A man is as old as he feels" has become a hackneyed phrase, but its truth is often argued in the case of retirement of soldiers or policemen who are still in the prime of efficiency, but are heartlessly discarded because of years.

The pathos that entered such a case has formed the theme for a unique screen story in "The Ghost Patrol," which will be presented at the Majestic theater, Sunday and Monday.

This story concerns an aged policeman who served on one beat thirty years and refused promotions to remain with the people whom he loved and who regarded him as a father to them all. Retired against his will the old policeman became determined. Donning his old uniform he defied the law to keep him from the duty he loved.

Mr. Holt, in the role of Robert Pitt, a wealthy young man, is discovered at night in the home of "Big Phil" Creedon by the latter's daughter, Molly. Pitt gives Paul Tiffany, a jeweler, as reference. Creedon phones Tiffany, who suspects that Pitt has been up to something or other, and, as a joke, denies that the Pitt he knows is in America. The climax is extremely novel.

BELIEVE VESSEL SUNK BY LIGHTNING WITH CREW OF 28

NEW YORK.—The O. D. VARIETY IN FUN ON RIVOLI THEATER'S TWIN BILL SUNDAY

The Rivoli's twin bill of vaudeville and pictures for Sunday offers variety enough to please every pleasure-seeker.

The vaudeville program includes Sylvia Mora and the Reckless Duo, two young men, who perform some wonderful balancing feats. The act comes to La Crosse direct from a Chicago run. A singing trio, Stanley, Doyle and Reno, numbering a yodeler, deliver a bit of fast and enlivening comedy. George Stanley and his sister have a banjo and song act entitled "Bits of Dixie," which is equipped with elaborate scenery and each song is set off by a special drop. Eddie Medley and Miss Marie Dupree appear in one of the always popular song and comedy acts, unusually presented. Then there is Milt Collins, "The Speaker of the House," who has been entertaining Minneapolis at the Orpheum there this week with a clever "line" of fun.

On the screen, Jack Holt will appear in the Paramount production, "A

HELEN WILLS AND MRS. MALLORY MEET FOR TENNIS TITLE

Coast Youth Faces Veteran in Title Play for Second Time Saturday

BOTH WIN EASILY IN THE SEMI-FINALS ON FRIDAY

Mrs. Mallory to be Given Hard Fight for Honor

FOREST HILLS.—By Associated Press.—For the second successive year, Miss Helen Wills, 17, year old tennis marvel of Berkeley, Cal., will attempt to wrest the national singles championship from Mrs. Molla Bjurstedt Mallory of New York.

But when a year ago the coast "sunder girl" proved no match for her veteran Norse rival, the brilliant her game has reached this season's promised climax Friday night. The belief that she will give the challenger one of the hardest struggles of her career, with at least an even chance of triumph.

Friday Miss Wills and Mrs. Mallory won decisively in their semi-final matches on the turf courts of the West Side Tennis club, proving conclusively their superiority over an occasional field of 61 players, the pick of American and British stars who started play in the tournament last Monday.

Miss Wills, who has won all week to crush Miss Eleanor Goss of New York, 6-1, 6-0, while Mrs. Mallory brushed aside Britain's last hope in the singles when she defeated Mrs. R. C. Clayton, 6-1, 6-2.

The national doubles championships will witness an international contest for the survivors of Friday's semi-final play were Miss Kathleen McKane and Mrs. Nancy Kinsey of England, and the veteran American combination, Miss Goss and Mrs. Hazel Hotchkiss Wightman of Boston, a former holder of both the national singles and doubles titles.

Gain Finals Easily.—Both teams gained their final round brackets easily and promise a pretty struggle for honors on Saturday. The British pair disposed of Mrs. Helen G. Lockhorn of Mamaroneck, N. Y., and Mrs. Natalie Morris of New York, 6-0, 6-2, while Miss Goss and Mrs. Wightman gave a remarkable exhibition of court strategy by clinching the youthful Miss Goss Baker of Orange, N. J., and Miss Lillian Scherman of New York, 6-1, 6-1.

There was little to choose on Friday between the effectiveness of the rival games of Miss Wills and Mrs. Mallory. The sturdy western girl, whose play has been a dazzling feature of the tournament all week, reached even greater heights against Miss Goss than she did on Thursday in defeating Miss McKane, the ranking British star.

Miss Wills was faultless in her maneuvering and unerring in her powerful driving game, chasing Miss Goss from side to side as she bombarded the New Yorker's court relentlessly. Miss Goss was at her best, but it was not good enough to check the spectacular attack of her opponent on Friday.

At Top of Game.—Mrs. Mallory also demonstrated that she is at the top of her game in defeating Mrs. Clayton. The champion drove with all her customary power and accuracy and won by the sheer aggressiveness of her attack. Mrs. Clayton made a gallant defense, sustaining lengthy rallies with many marvelous returns, but invariably she left an opening for the champion to drive home the winning points or was forced into errors.

After trailing at 1-3 on games in the first set, the British woman rallied, passing Mrs. Mallory with a number of brilliant cross court shots and squaring the set at four all. But here Mrs. Mallory called on her reserve to run out the set, forcing Mrs. Clayton three times in the ninth game to break through service.

BALL PLAYER FIGHTS FORM OF CONTRACT

MILWAUKEE.—Fred P. "King" Lee, former second baseman of the Milwaukee baseball team, Friday made answer to the suit started against him by the Milwaukee American association team in which he defends his action for alleged jumping of a contract.

Lee, through his attorney, attacks the contracts submitted to all players by the ball clubs and charges that they are unfair and inequitable. He defends his leaving the team by an alleged understanding by which he could leave the team if he could not get himself financially.

In July Lee jumped his contract and went to play with the Nash Motor club ball team. He was then restrained from playing by temporary injunction obtained by the local baseball club.

RUTH AGAIN TAKES BATTING AVERAGE LEAD FROM HEILMANN HITS THREE TIMES OUT OF FOUR

CHICAGO.—By The Associated Press.—Babe Ruth hit his thirty-first home run of the season in St. Louis Friday, enabling Joe Ruth of the New York Yankees to defeat the St. Louis Browns, 5 to 4. Ruth made three hits out of his four batting average and again took the batting average lead from Harry Heilmann, who hit once out of two chances against Philadelphia Americans. Ruth's average is not .300 and Heilmann's .304.

George Burns put a thrilling finish on the New York National game with Cincinnati, at the Polo Grounds when he slammed out a homer in the eleventh inning and the Reds won, 5 to 4. The victory gave the Cincinnati Reds, who are stepping on the Giants' heels, an edge of three to one in the present series. Today the Reds' Cuban star, Adolfo Luque, will pitch.

The Detroit Tiger pitchers were wild in their game with the Philadelphia Athletics and the Philadelphia team won, 7 to 6. Heilmann made his fifteenth home run, with Cobb on base.

Ainsmith's double in the twelfth inning in Brooklyn gave the St. Louis Nationals a bitterly contested game, 8 to 5.

The Cards had tied the score in the eighth inning with two runs after being led all through the game.

The Washington Americans won in Chicago, 6 to 4; it was the final game of the series.

Chicago packed eight hits into the first six innings of the game in Boston and drove Fillingim out of the box, winning, 6 to 2, and taking the fifteenth out of nineteen games played with Boston so far this year.

Pittsburgh evened the series in Philadelphia, winning, 11 to 6, in a driving game in which they found Ring's twisters easy and pounded him for thirteen hits. Hoelke made a homer for the losers.

Star, outfielder of the Reading, Pa. club was expected to report to the Chicago Americans today and take part in the first game against the New York Americans.

The Philadelphia Americans made the best of Pilette's wildness and defeated Detroit. Manager Cobb rushed Cole, Francis and Holloway to the hill to check the rush of Connie Mack's club but it was too late. Heilmann bagged his fifteenth homer for Detroit.

Ted Blankenship blew up in the tenth inning and Washington pounded out a victory over Chicago in the final game of the series.

The Chicago Nationals bunched their hits off Fillingim and drove him off the rubber, defeating Boston easily for the fifteenth time in nineteen games. Keen had little trouble holding Boston.

Spencer Adams, a rookie infielder, scored four times in Pittsburgh's defeat of the Philadelphia Nationals. Jimmy Ring was easy for the Pirates, who pounded him freely and drove him off the hill in the seventh inning.

NEWPORT, R. I.—A new name will be engraved upon the Casino cup after Saturday's match between Harvey Snodgrass, of Los Angeles, and Howard Kinsey, of San Francisco, finalists in the invitation lawn tennis tournament.

In the final doubles match, Robert and Howard Kinsey, of San Francisco, will meet C. J. Griffin, of San Francisco, and S. Howard Vosheit, of Brooklyn, N. Y.

CHICAGO.—(A. P.)—Blankenship weakened in the tenth inning on Friday and Washington pounded a 6 to 4 victory over Chicago in the final game of the series. The score: R H E Washington ... 220 000 002—6 10 2 Chicago ... 003 100 000—4 12 1

Batteries—Johnson, Zachary and Ruel; Leverette, Blankenship and Graham, Schrakl.

Macks, 7; Tigers, 6
DETROIT.—(A. P.)—Pilette's wildness gave the Athletics a three run lead in the first five innings and Cole, Francis and Holloway, who followed him, fared little better. Philadelphia winning from Detroit, 7 to 6. The score: R H E Philadelphia ... 020 012 010—7 12 0 Detroit ... 000 003 012—6 10 1

Batteries—Rommel, Harris and Perkins; Pilette, Cole, Holloway, Francis and Bassier.

BUS DRIVERS WIN OVER THE EBERHART COLTS THURSDAY, 3-2

Jimmy Wittenberg's Bus Drivers won from Eberhart's Colts in a game of ball Thursday evening, 3 to 2. The score was tied up at the ninth inning, when Eberhart singled with two gone and Jimmy Wittenberg clouted one over the ropes and the game was over. The acrobatic stunts pulled off by "Sig" Schroeder were a feature. Gleason was the hitting star of the game, getting three in four trips. Nobs Schroeder pitched a brilliant game. The Colts will be out for revenge in the next game Monday night.

CONGRESSMAN ASKS BACKING FOR HIS "BLUE SKY" BILL

Says Federal Law Is Needed to Back Up State Regulation

MADISON, Wis.—E. E. Dennison, representative in Congress from Illinois, and sponsor of the Dennison bill, aimed at the federal control of sales of securities, was the speaker of the Friday session at the National Association of Securities Commissioners.

He asked the support of the securities commissioners in obtaining federal legislation, declaring that the states which have blue sky laws cannot protect themselves so long as telephones and the mails permit the sales of undesirable stocks in their states.

"The commission situation reminds me of a building I once saw," he said, "where the front windows were strongly barred but the back windows were not. Your state legislation may help, but it cannot stop the sale of worthless securities entirely."

"I am going to introduce a bill at the next session of congress, which if passed will stop at least part of the losses resulting to the public year after year through the sale of fraudulent and worthless securities."

"The state laws only partly meet the situation and proper federal jurisdiction will be the most effective protection. Among other things, this legislation will place all salesmen on the same basis and none will have an advantage over others, as is now the case, when salesmen for companies whose stock has not met your requirements sell that stock in the state over the telephone and through the mails."

Election of officers will be held this afternoon.

WETS START FIGHT FOR STATE POWER BEFORE 1924 VOTE

WASHINGTON, D. C.—A campaign to "seize the balance of power" in ten or more states preparatory to the elections of 1924, has been started by the Association Against the Prohibition Amendment. A memorandum distributed from headquarters of the organization here outlines the plan as follows:

"The Association Against the Prohibition Amendment was a real victory in the 1922 election.

"Conditions are favorable for a more impressive triumph in 1924, and we believe that you will be interested in our plans to that end.

"As the political situation stands at present, our organization has an excellent opportunity to grasp the balance of power in next year's political contest, by working now to increase our membership and to awaken sentiment in such key states as Massachusetts, Connecticut, Pennsylvania, New York, New Jersey, Maryland, Ohio, Illinois, Wisconsin and California.

"The states mentioned contain about 45 per cent of the population of the country and all are more or less favorable to the repeal of the Volstead law. It is the task of the association to so organize these states that it will be necessary for the party that wins them in 1924 to make concessions along the line of repealing or modifying the present prohibition laws."

R. G. DUN SAYS CROPS HEREABOUTS ARE SATISFACTORY

R. G. Dun & Company's Weekly Trade Review in this week's issue will say regarding trade conditions in La Crosse: "Thrashing is well under way, and the yield generally is satisfactory. The continued drought has spared pastures, and copious rains are badly needed for corn and root crops, and to revive grazing. Manufacturing plants are busy, but wholesale purchasing is still limited to immediate requirements. Collections, especially in the rural sections are slow."

JULY SLOW MONTH FOR ILLINOIS TRADE

CHICAGO, Ill.—Unemployment increased, the average weekly wage decreased and the flow of orders slowed down in Illinois industry during the month of July, according to a survey of industrial conditions published Saturday by the general advisory council of the Illinois department of labor. It was explained the break in satisfactory conditions is not causing concern, because it is due more or less to the mid-season lull-up of trade.

RIVER DROPS FAST

State History in Poetry

The selection of John G. Neihardt as the poet laureate of the State of Nebraska, was taken by the way of recognizing the significance of the American Epic Cycle upon which Neihardt has been working steadily for seven years and of which "The Song of Hugh Glass" and "The Song of Three Hungries" have now been published. "The Splendid Wayfarer" is a prose work giving the historical background of these epics. Neihardt is now engaged in the third part of the cycle to be called "The Song of the Indian Wars."

FIVE DIE WHEN TRAIN HITS AUTO

Michigan Bank Examiner and His Fiancee Among Dead

MARQUETTE, Mich.—Bernard Bernstein, 33, a state bank examiner, died in a hospital Saturday the fifth death victim of the crash Friday night when a freight train struck an automobile at Trout Falls. His fiancée, Miss Rita Krom, daughter of Barney Krom, Iron River merchant; William Ruwiche, a sophomore at the University of Michigan, driver of the car and the latter's sister, Linda, of Crystal Falls, and Miss Leonard Klein, daughter of Ernest Klein, of Detroit, formerly a merchant at Neenah, were the others killed. Bernstein formerly was cashier of the Miners' State bank at Iron River.

HERE'S WISCONSIN CODE FOR USE OF FLAG DECORATION

MILWAUKEE, Wis.—This city will welcome the fifty-seventh annual observance of the G. A. R. September 2 to 7 with a display of decorations adhering to the new flag etiquette, recently formulated by representatives of patriotic organizations, headed by E. J. Calore of the American Legion.

The new code aims to prevent abuse of the flag in decorations and to stop its profane and over-generous use. According to Frank Fox, chairman of the local committee on decorations, this city will be the first in the country to put up decorations in absolute harmony with the new code. Mr. Fox has announced five suggestions for those who would display the American flag, they are:

Refrain from using too many flags. Do not drape the flag over the top or hood of an automobile. This is considered offensive.

It is permissible to attach a small flag, in an upright position, to the radiator cap of the machine, but more than one flag on an automobile is not desirable.

Never use a flag to cover a table or anything else, except a casket at a military funeral.

Never attach anything to a flag, festoon it, or tie it in bows or knots.

DO STATE PEOPLE WANT HOKUM AT THEIR LOCAL FAIR?

Fakes and Gambling Bar Reported Reducing Expo Receipts

MADISON, Wis.—Whether Wisconsin people want hokum in their amusements will be definitely decided this year.

State officials are determined to wipe out all fakes and gambling devices at county fairs and carnivals wherever possible and are succeeding with Secretary of State Fred Zimmerman ready to take away state aid from any fair that permits gambling, carnival and fair people counter with the advice of "watch it" and predict that Wisconsin county fairs and the state fair will fall far below their usual receipts this year.

Added to this controversy the Wisconsin Association of Fairs is up in arms over the enforcement of the law requiring all fair concessionaries to be licensed. It is claimed that it is difficult for fairs to get men to conduct concessions and riding devices this year.

State aid gives state officials a club over county fairs but the only resort for carnivals is the court. A carnival with a number of games of chance showing in Madison is the subject of a warrant sworn out by a state official on the claim that gambling is permitted. The warrant has not yet been served.

Secretary of State Zimmerman is visiting practically all fairs. He says he is receiving splendid co-operation from county fair officials and that they are for the move to abolish the games.

MRS. NELLIE PIERCE SECURES METHODIST MADISON HOSPITAL

On Wednesday the Methodist Hospital association sold its equipment to the St. Joseph Hospital at Madison to Mrs. Nellie Pierce and her daughter, Lucille, at a chattel mortgage sale. The name of the institution will be changed to the Pierce hospital, the new owners taking possession on the day of the sale.

Mrs. Pierce spent seven years in the Mayo Brothers hospital and three years as superintendent at Grandview hospital, this city. Her daughter has had special training in the children's hospital, at Milwaukee. They have secured a lease on the building from the Methodist Church association.

"THE CALL OF THE WILD"

A migration of reindeer recently took place under the direction of the Alaska division of the Bureau of Education. The herd, which was Government owned, numbered 1500 and the route lay from Goodnews Bay on the Bering Sea, to Cantwell Station in the Porcupine district, 1100 miles distant. The drive was over snowy mountainland and covered more than four months. It is interesting to note that one of the principal reasons for this movement was to take the reindeer herd, considered one of the finest in Alaska, out of the vicinity of the annual caribou migrations. The reindeer is closely related to the caribou, and, if permitted, they will run together and interbreed. The offspring of this union, however, is not a reindeer, but a caribou with all the nomadic instinct of its prototype. Hence the precaution of the Government agency.

The herders were native Eskimos and experts at the work. In spite of all precautions, during a resting period, a passing herd of caribou was sighted and 100 or more of the reindeer broke away and joined their wilder brothers. After a strenuous chase all but 15 of the transient deer were recovered, but throughout the remainder of the drive all the skill and watchfulness of the herders was necessary to keep the restless herd intact. The caribou, of which there are thousands in the Northwest, have resisted persistently man's efforts to domesticate them.

Cannot Standardize Cutlery

An extraordinary thing about the cutlery trade is the variety of knives made. At the Suffolk works in Sheffield, for instance, they have 10,000 different patterns on the books. They make sometimes 3000 patterns to order at one time.

The same thing is true of the large cutlery works at Solingen, in Germany. One firm has 9000 patterns for Germany alone. New ones are constantly coming out.

The Suffolk works have arranged 10 new patterns a week for two years. This is a trade that will not be standardized, which is one reason why America has failed hitherto to compete.

HENRY LAUGHS AT BENSON TALE OF HIS ASPIRATIONS

Says He Can't Recall Ever Picking Out His Secretary of Navy

ESCANABA, Mich.—Henry Ford laughed Saturday when given a copy of a newspaper containing an article by Allan Benson, well known magazine writer, which in plain terms, states that Mr. Ford wishes to become president.

When he was asked if he had indicated to Mr. Benson the name of a man whom he would make secretary of the navy if he were to become president, Mr. Ford said:

"I do not remember of ever saying any such things, although I might have done so without having attached any great importance to it."

Continuing, Mr. Ford asked the correspondent:

"Would you like to be governor of your state?"

Might Have Choice

The correspondent indicated that he had no desire to become the chief executive of his state.

"Undoubtedly you wouldn't, but that wouldn't stop you from naming some man whom you thought would fill a state position well and saying that if you were the governor you would appoint him. You could make a remark of this kind without even desiring to be governor."

After a night spent on a foggy lake coming to Escanaba from Traverse City, Mich., the Ford party arrived in the bay at 1 o'clock Saturday morning where they left for Iron Mountain in their caravan of automobiles at 10 o'clock.

LEADING WOMAN OF BOOTH AND SALVINI DIES IN SCRANTON

MOTOR BUS USEFUL ALLY TO TROLLEY

OSHKOSH, Wis.—Motor busses are proving a very useful ally to the electric railway industry everywhere, declared J. W. Welsh, New York, secretary of the American Electric Railway association, in his talk at the closing session of the summer meeting of the Wisconsin electric railway operators here Saturday.

"They have been taken up by many companies to develop extensions in districts not previously served and in some cases to replace non-profitable routes when expensive track and paving replacements became necessary," he said.

"Communities should recognize the necessity of co-ordinating their transportation service as a whole, from the standpoint of public convenience, safety, comfort and economy."

BIG ICE CAR PLANT PLANNED FOR CITIES

ST. PAUL, Minn.—A large refrigerator car building and repair plant which will result in centralizing in the Twin Cities the largest supply of express refrigerator cars in the history of this territory, will be built in St. Paul or Minneapolis, it was disclosed Friday. Preliminary plans for the establishment of the shops have been developed and construction work will be started soon. It was stated.

PROMINENT RACINE WOMAN POISONED

RACINE, Wis.—A post mortem examination on the body of Mrs. Ida J. Elliott, prominent socially, who died at a hospital early Friday, disclosed that death was due to poisoning, according to the physicians who conducted the examination. The doctors indicated they could not determine whether an overdose of aspirin had caused death or whether the woman had taken some other drug.

PLANS CRAWL OF 100 MILES ON KNEE

OMAHA, Neb.—Dr. J. T. House, professor of literature in the Nebraska state normal school is going into the primeval on a 100 mile crawl on hands and knees. He will reproduce as far as possible conditions of 100 years ago on the plains and while on the crawl will live on berries, roots, field mice, etc. The "cra" to include a dog, which the professor will kill, cook in its own skin and then eat.

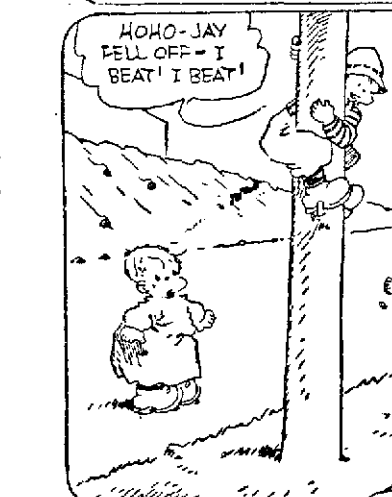

Throughout the 100 mile stretch the professor will keep one knee tied up in such manner that he can crawl on only one knee.

There is no bet of any kind in connection with the affair. Dr. House is just trying to show the thing can be done. He is emulating the famous old trapper, Hugh Glass, who did the same thing about 100 years ago—except that Glass had his leg broken in a fight with a bear and had been left for dead. He revived and crawled 100 miles to Fort Kiowa, eating berries roots and dog on the way.

BIG 'PHONE TRUCK PULLS UP POLES WITH EXPEDITION

La Crosse Telephone company has removed from La Crosse street the tall fifty and sixty foot poles formerly in use by the Wisconsin Telephone company, and this territory is now served by underground construction which runs up Edgemoor street with jacks through the poles to La Crosse street and to the north of La Crosse street.

To do this work a new two-ton white truck with special winch and derrick attachment was purchased and it has been possible to remove those poles in less than thirty minutes each with this equipment. The last seven were removed at an average of twenty-two minutes each and no lifting was done by the men.

The truck is backed up to the pole and a rope is tacked around the pole two feet from the ground and attached to the truck, and another high around the pole at the top of the four-foot derrick. Then the pole is chipped off at the ground line. It is then raised a foot off the ground with the winch which is operated by the truck engine and the pole in an upright position is moved to the center of the street where it is lowered automatically to the wagon trailer without touching the ground and without any lifting by the men.

The tall poles on Perry street are the next to be lowered as this street now has cable underground.

OBITUARY

MRS. HELEN E. VOLLMAR

Mrs. Helen E. Vollmar, wife of Mr. Clarence J. Vollmar, died Friday at 1:10 p. m. at the residence of her parents, Mr. and Mrs. Frank J. Ganss, 1544 La Crosse street. Mrs. Vollmar was born in La Crosse July 31, 1898, and was 25 years old at the time of her death. She was united in marriage to Mr. Clarence J. Vollmar at Oklahoma City, Okla., Oct. 27, 1921, where they resided for a period of eight months, later returning to La Crosse where they resided since. Mrs. Vollmar had been in failing health for over a year.

She is survived by her husband, her parents and two sisters, the Misses Leonora and Henrietta Ganss.

The funeral services will be held Tuesday at 8:30 a. m. from the residence, 1544 La Crosse street, and at the St. Joseph Cathedral at 9 o'clock, where Rev. Father Pape will read a Requiem Mass. Interment will be in the Catholic Cemetery.

BIG TORONTO BANK SUSPENDS PAYMENT ALL OVER CANADA

TORONTO, Ont.—Deposits in the Home bank of Canada which Friday suspended payments at the head office and sixty branches throughout Canada, had dwindled from \$22,151,000 on May 31, 1923, to approximately \$17,000,000. It was stated unofficially Saturday. Most of the deposits were small savings accounts.

Pending official examination, newspapers and banking officials were counselling depositors to keep cool.

"PRACTICE BABY"—WORLD'S SHOVEL CHAMP—CARVING A MOUNTAIN—VILLA'S LAST CHAPTER

PASSING OF VILLA—Here are the last chapters in the stormy career of Pancho Villa. At the top is the bullet-riddled automobile he and his aides were riding in when the assassins attacked. Sixty-three shots hit the machine, thirteen entering the rebel chieftain's body. At the bottom is the rock grave in the little cemetery at Parrot where Pancho sleeps today.

TOO MANY COOKS?—NO, THREE!—It's said that Joan Dom Egan, who recently finished her first year as "practice baby" in the domestic economy department of Cornell University, looks so happy and fat. Every noon in class took her turn at "mothering" Joan during school hours.

WHEN THE BRAKES REFUSED TO WORK—Several cramps are believed to have been killed in this wreck in the mountains near San Bernardino, Calif. But their bodies have not been recovered. Blood stains were found in the debris. The brakes failed to function as the freight train began to negotiate this steep grade.

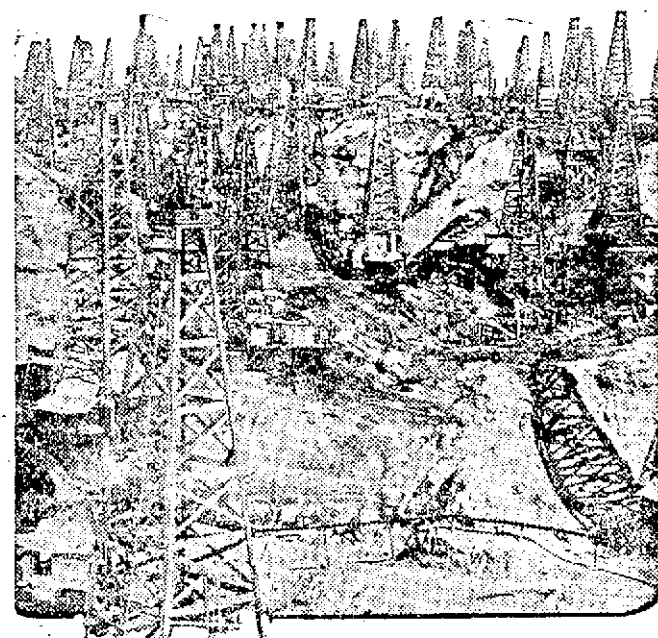

SHE IMPRESSED PRESIDENT HARDING—When twenty-seven western irrigation projects became hopelessly involved in a stiff competitive fight for federal aid, proponents of the Columbia River Basin plan sought themselves to bring a bit of pulchritude to their assistance. That's why they selected Miss Elizabeth Thompson of Moscow, Ida., who meets all official visitors to Spokane in symbolic costume dressed as "Miss Columbia." She met President Harding, who said he was much impressed with her.

PRINTER'S DEVIL—At any rate, he's a devil of a mascot, say members of the Washington printers' team, which won the championship of the Union Printers' International Baseball League. He's Buddy Webb. His dad, Heine Webb, pitched the final game in which Washington defeated Chicago, 11 to 2.

JUST LIKE AN OSTRICH—This little maiden, netting for shrimps on the French coast, took good care to see that her face wasn't exposed to the hot sun, but, like the ostrich, she didn't worry much about what happened after her head was taken care of.

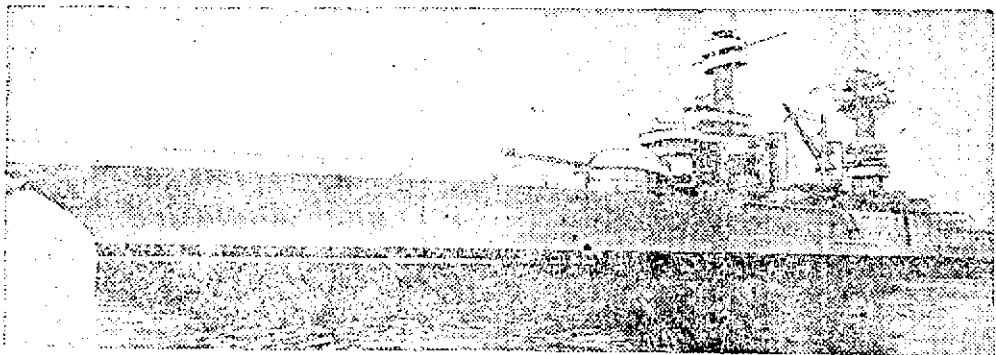

YES, INDIA PRODUCES OIL—If you think America produces all the oil just take a look at this scene in the Burma (India) oil fields. From 75 to 150 wells are drilled on an acre of ground—being what you might call "intensive oiling."

BREAKS RECORD—Lieutenant A. W. Groton, U. S. N., set one speed record for a seaplane in trial flights over the Delaware river and then broke with a new mark, 180.8 miles an hour. He will fly in the competition on the Isle of Wight, Sept. 28.

TRUSTED BRIN—Pretty little Elizabeth May Harris, nine-year-old daughter of a Spokane (Wash.) attorney, has felt, in a sad way, the ingratitude of a bear. A polar she was feeding bit off her right arm at the shoulder.

WORLD'S MIGHTIEST DREADNAUGHT ALMOST READY—The U. S. S. Colorado is being made ship-shape at Philadelphia and soon will start on a trial cruise. She is 524 feet long, displaces 22,000 tons and has a speed of twenty-one knots. She is an oil burner with two 15,000-horse-power steam turbines supplying electric current for 8,600-horse-power motors which drive her propellers. She will be manned by 1,462 officers and men.

WITHOUT DISHING A DROP!—Andy Dvorak claims title as the champion trick canoeist of the Hudson river. Here he is caught in action as his canoe makes a complete revolution without dishing up any water. He stood on the edge to make it turn over.

ANOTHER WORLD CHAMP WINS IN MONTANA—This world championship tourney didn't attract as much worldwide attention as did the Shelby affair. Nevertheless, Robert Hoesfeldt, past five, a little midget, won the world title for ore mucking. He's shown shoveling half a ton of copper ore into an ore car in less than two minutes. Old Bob ought to be a dynamo with a snow shovel.

TRY THIS, GIRLS!—This coiffure won a prize at the international hairdressing competition at Milan, Italy. Suggestive of Christmas with that pinetree and star do-dad in front, isn't it?

HOW MEMORIAL IS BEING CARVED ON A MOUNTAIN—This shows for the first time in pictures how Gutzon Borglum, sculptor, is carving the giant memorial to the Southern Confederacy on the side of Stone Mountain near Atlanta, Ga. At the left is shown how a giant reflector, like a huge magic lantern, nightly throws sectional images of the memorial on the mountain 530 feet away. At the right workmen are shown carving in the mountain side, following the outlines of the image as marked when thrown on the rock the night before.

THE UNIVERSAL CAR.

FORD

ONE-TON TRUCK CHASSIS

Recognition of the Ford one-ton truck chassis for the type of commercial vehicle best adapted to all general hauling is steadily growing.

More than half of all trucks now in service are Fords. The demand has never been so great. Time-saving delivery routes, a greater ability to keep the truck working at its rated capacity, the demonstrated economy and efficiency of fleet equipment has made its use standard with large business houses all over the country.

In small towns and on farms, the use of the Ford truck is as general as the use of Ford passenger cars.
